WE ARE PROUD OF OUR TOWN

The efficiency and speed of helping hands, the marvelous cleanup, the co-operation in restoring lost property, and all the unsung generosity is a credit to the town of Mattapoisett. The courage of the old shipbuilders is still here.

Last Sunday, as I walked, I was hailed by an old friend. His only regard was for my safety and what, if any, injury had befallen our business. I was moved at this man, who, now at the age of 85 years, has been wiped out by three hurricanes. He thought only of inquiring for my well being.

May I take you back half a century, and introduce him. As a young man in our neighboring town of Taunton, he worked as a machinist and mechanic. He preceded my family to Mattapoisett by a few years, saw a need here and has certainly fulfilled it. You know him well; Bill Raymond of Crescent Beach.

He first operated a small store in part of his home. As a boy of 12, I first knew him and his store. We rode down in the trolley then, and it was quite an outing. We never had to bring provisions for our large family though, because Bill had the best you could buy.

He raised a nice family and with the late Mrs. Raymond, worked long hours in the store. Every neighbor was, and still is, a personal friend who could count on him for help in a hundred ways.

Over the years, he has fished, pulled lobster pots and been a plugger. One might think that this third blow might be too much for a man of his age and health. One might think that, if he did not know Bill Raymond. He said, "Walter, I just must go back, rebuild and start over. If I haven't the courage to do so, you couldn't expect the others to." He made no mention of his latest misfortune, except to say, that this time would not be as bad as before. He had sensed the storm, and with the help of Joe Herrick of Mayhew Co. and Mr. Plant, the contractor, had moved some of his equipment. Their prompt action has given him something to start with.

As I left him, I felt like a new man. Certainly years have little to do with age. He is a young man of 85, planning ahead for a new Crescent Beach and he is far from alone. With Bill Raymond as an example, how can we fail to build up, and soon.

The winner of this week's Presto surprise coupon gift is Gertrude Cathcart Bradley of North St. She may pick up her gift at Dot's Donut Shop on Huttleston Ave. in Fairhaven.

SOME THOUGHTS OF MINE
THE OCEAN
by Murray Tuttle

I look out on the ocean where wave crests shine so bright
They come to shore with powerful strides and strike with all their might.
What keeps 'um moving fore and aft as they come to the beach?
Are they trying always trying to get some place out of reach?

What's underneath those powerful waves that makes 'um restless so?
They can't be ever quiet but are always on the go.
Why is the water high at times and then so very low?
It somehow shows me plainly there's something I don't know.

Today it's calm and quiet in peaceful bliss it lies.
Tommorrow it may be angry like the thunder in the skies
And race along in dreadful stride crushing where it may
It seldom ever is the same but changes every day

I wonder how they got there, why are they
there at all?
And there's the mighty whale, also the vicious

That lives on smaller fish when ere they

In a way it's like us humans always on the go
Today it's up on top, tomorrow down below.
It carrys ships without complaint where ere

But it also can destroy them when it pounds

She feeds us and she kills us without a bit

Little does it bother it for it is not to

It's the power that gives and takes away

How much is a Miracle worth?

We've almost forgotten the fearsome diseases of our childhood — diphtheria, meningitis, scarlet fever, pneumonia and even smallpox. Today's "miracle drugs" have conquered these killers, and greatly reduced the time and cost of hospitalization and convalescence.

Within our lifetime, more than 20 years have been added to Man's life span. Children's diseases are a rarity. The number of older people has more than doubled. All this has been gained for you by Pharmacy's newer medicines, products of research and servants of your doctor and mankind.

The cost of this wonderful medication is low. Facts show that drug costs have not increased appreciably in the past 15 years, despite the great increase in "cost of living" and luxuries. Truly, medication is today's "biggest hargain" in the home.

A MESSAGE TO ROCHESTER

Many residents of Rochester have already received our paper through friends here. We have been told by you of your interest in it and a desire to receive it.

We mail the paper to you each week without cost on your part. We hope that you, our neighbors, will mail in the coupon with your Rochester news on it. If you don't wish to clip the coupon, send it to us by letter, card or on a piece of scrap paper. Please sign your name, as it entitles you to a gift, the winner of which is decided by drawing a name from a list of the signatures on the news items we receive.

Who visited you last week, who is ill and their progress of recovery, your church, club, grange, police, fire and social activities are all very interesting. Knowing many of you Rochester folks, it will be interesting to watch your news section grow.

To those advertisers that might deem it a benefit to use space, please feel free to call on us. Our deadline for display advertising is Friday preceding the issue. Our cost 80¢ per col-

I rushed back to the city desk and I sez we h'd better print this here paper tonight cause a mighty tempest is on the way and they jest laughed and turned on the radio which said it might be a might winddy and for thet I am in disgrace and people make sly remarks as to my treemendous ability I tell you it hurts me deep and I can't go on with my story but see me next week. One thing tho I might mention these here people in town h've got what they call down east. ~~Grt~~ Grit and Gumption and they got a lot of it.
